

Gender Pay Gap Report

31st March, 2021

(Snapshot date: 31st March, 2020)

Gender Pay Gap Reporting – overview

The Government under the Equality Act 2010 (Specific Duties and Public Authorities) regulations 2017 introduced gender pay gap reporting. As The Constellation Trust has more than 250 employees we have a legal duty to report and publish data on our gender pay on The Constellation Trust website and through the Government Equalities Office.

The Trust reported for the first time in March 2018 but has since expanded and comprises of two Secondary Schools, one Pupil Referral Unit and 6 Primary Schools.

Background Information

The regulations require The Constellation Trust to report using six different measures:

Mean average gender pay gap – the difference between the mean (average) hourly rate of pay between male and female full-pay relevant employees

Median gender pay gap – the difference between the median (mid-point) hourly rate of pay between male and female full-pay relevant employees

Mean bonus gap – the difference between the mean (average) bonus pay between male and female relevant employees

Median bonus gap – the difference between the median (mid-point) bonus pay between male and female relevant employees

Bonus proportions – the proportion of male and female relevant employees who received bonus pay

Quartile pay bands – the proportion of male and female full-pay relevant employees in each of the four quartile pay bands

The gender pay gap provides a snapshot of the gender pay balance within The Constellation Trust by measuring the difference between the average earnings of all male and female employees, regardless of their role within the organisation.

The gender pay gap is represented as a percentage difference between the average pay of male and female employees.

The Constellation Trust does not pay bonuses to their employees, therefore the statutory calculations of mean bonus gender pay gap, median gender pay gap and the proportion of males and females receiving a bonus payment are not applicable.

The Constellation Trust

Average Median and Mean Gender Hourly Rate of Pay

	Difference in Median Hourly Pay	Difference in Mean Hourly Pay
Pay Gap % difference female to male	22.3% lower	19.8% lower

Average Median and Mean Gender Bonus Pay

	Difference in Median Bonus Pay	Difference in Mean Bonus Pay
Pay Gap % difference female to male	No bonus paid	No bonus paid

Proportion of Males and Females receiving a Bonus Payment

	Proportion receiving a Bonus
Male employees (% paid a bonus compared to all male employees)	No Bonus Pay Paid
Female employees (% paid a bonus compare to all female employees)	No bonus Pay Paid

Proportion of Males and Females in each Quartile Band

	Quartile 1 (Lower)	Quartile 2 (Lower Middle)	Quartile 3 (Upper Middle)	Quartile 4 (Upper)
Male (% males to all employees in each quartile)	14.2%	17.2%	21.7%	32.5%
Female (% females to all employees in each quartile)	85.8%	82.8%	78.3%	67.5%

Summary

The Constellation Trust currently has a total of 790 employees of which 169 are male (21.4%) and 621 are female (78.6%), compared to 22.5% male and 77.5% female in 2019. This split of male to female staff is common amongst the education sector.

The majority of our workforce is female and, as a Multi-Academy Trust, we are aware that we have a diverse range of roles and salary scales, some of which have very high proportions of female post holders, most of whom are employed in term-time only roles which attract a lower salary, such as cleaners, site staff, catering staff, lunchtime supervisors, administration staff and classroom based support staff.

The Constellation Trust employs more women than men in all quartiles, including a high proportion of senior leadership posts being held by women. The Constellation Trust is committed to ensuring that male and female staff are paid the same for carrying out work of equal value, regardless of gender and we are confident that our policies and procedures are fair and robust and met our equal pay obligations. All vacancies are advertised with no gender bias and recruitment is based on performance and best fit for the role.

Teaching staff pay scales are aligned to the School Teachers Pay and Conditions Document which is reviewed on an annual basis by The School Teachers Review Board. Support staff salaries are aligned to the National Joint Council for Local Government (NJC) pay spines, which is agreed nationally and collectively between the Local Government and the Trade Unions. All job descriptions have been re-evaluated to ensure there is no variation in pay in each role across The Constellation Trust.

The Constellation Trust have recently reviewed all policies and procedures to ensure they are fair and robust and staff are able to balance their work and home lives more effectively. The Constellation Trust continues to operate as an equal opportunities employer and is committed to embedding a supportive, inclusive culture and to increase the diversity of its employees in all areas. The Constellation Trust will continue to monitor the gender pay gap information within this report and to ensure that all policies, procedures, recruitment practices and processes are consistent and transparent for all employees, we will continue to review them on a regular basis.

I confirm that the information published above is accurate.
