

Victor Hone - Estates Manager

Victor is a fully qualified electrician with over 20 years' experience in the domestic, commercial and the industrial industry.

Victor joined the Sirius Academy in 2009 as the senior site manager with the responsibility for H&S, security and building maintenance and legislation for the Academy. He joined the Constellation Trust as the Estates Manager in 2016 to oversee and give guidance to all schools within the Trust.

One of the major roles undertaken by the Trust Estates, is conducting condition surveys and allocation of Capital funds each year to continue the smooth running of the building so that the education for their students are not disrupted, this includes gaining the best value for money relating to the allocated works.

Since joining the Trust, Victor has passed the GDPR practitioner course and supports the Chief Operations Officer with any GDPR issues.

Victor is committed to providing the best environments possible so the staff can provide the best education to all students in every school within the Constellation Trust.
