

Caron Wright – Member of the Constellation Trust Board

Caron Wright retired from her role as a college Principal after a long and varied career in education for over 37 years.

Caron started her career as a Lecturer and following successful promotion, worked in a number of senior management posts to develop and deliver a successful curriculum for students in both Further and Higher education at Hull College. Caron was the senior leader at the college for both the 14-16 Strategy and the Higher Education Strategy and was instrumental in enabling the college to achieve Foundation Degree Awarding Powers which allowed the college to validate its own Foundation Degrees.

In 2015 Caron achieved her lifetime ambition and was appointed to the role of the Principal of Goole College where she successfully raised quality standards and the student experience. She worked extensively with local stakeholders to raise students' aspirations and develop a high-quality curriculum with opportunities for students to enhance their employability skills.

As a strong advocate for young people and a career supporting and educating students, Caron was delighted to join the Board of Directors at Sirius Academy in 2014 and is looking forward to becoming a Member of the Board.
